IS DISPLEASED AT AOKI.

President Roosevelt Advises Him
to See Root.

INSISTED ON INDEMNITY.

Mistaking Silence of Chief Magistrate
Following a Diplomatic Hint, Japanese
Ambassador Placed Himself in Position
to Be Recalled.

Chicago, June 20.—Viscount Aoki, Japanese ambassador, says a Washington dispatch to the Record-Herald has incurred President Roosevelt's strong displeasure because of his lack of delicacy and discretion in conducting the negotiations relating to the San Francisco attacks on Japanese.

Aoki's recall is due to three things: Being out of favor with President Roosevelt, marrying a German woman, (which made him unpopular in his own country) and not getting full social recognition from the members of the diplomatic corps here.

Before President Roosevelt left for Oyster Bay the Japanese ambassador talked with him about the attacks on Japanese in California and about the destruction of their property. Aoki diplomatically hinted that the United States should pay indemnity to Japan for the San Francisco mobs and outrages. President Roosevelt remained silent, and mistaking this silence for acquiescence in the suggestion, the ambassador made a definite proposition that the United States pay an indemnity.

There was no mistaking the president's attitude then. He forcibly expressed disapproval of the proposition and dismissed the ambassador with the advice to conduct his negotiations in future with the state department.

Secretary Root was informed of the incident and immediately changed his demeanor toward the Japanese ambassador. Since that time the intercourse between the two men has been cold and formal, only official matters being discussed when they meet. Previously Secretary Root had been somewhat impatient with Viscount Aoki because of his persistence in pressing trivial matters.

When the ambassador made his indemnity proposition to Secretary Root he was told that the Japanese have no more rights than American citizens have. The only redress Americans have in such cases is to resort to the courts and sue for damages. But at the same time the Federal government urged the governor of California to give ample police protection to the Japanese. This is now being done.

BRYCE DELIGHTED.

Oklahoma Is Compared to France,
England, and Italy's Azure Skies.

New York, June 20.—Hon. James Bryce, British ambassador to the United States, is according to friends of President Davidson of the St. Louis and San Francisco railroad, who has been traveling through Kansas, Oklahoma and Indian Territory with Mr. Bryce, learning more about the southwest than is involved in the study of Indians.

The agricultural development of that part of the country and the influx of population have aroused his keenest interest. Mr. Bryce is quoted as saying: "The southwest possesses the agricultural wealth of France, the rural beauties of England and the tinted azure skies of Italy."

STRAIGHT FOR SWAMPS.

Three Bloodhounds and Twenty-Five
Armed Men Seeking Kidnappers.

New Orleans, June 20.—Three of the best bloodhounds in the state, followed by twenty-five armed men, are treading their way through the swamps near St. Rose, La., on a trail which it is hoped will lead to the capture of Walter Lamona's kidnappers. The dogs were taken to Strose from the state capital and a handkerchief from the pocket of an Italian whom the police suspect of complicity in the kidnapping held to their noses. The dogs then scented for a few minutes about the Italian house, after which they dashed yelping straight for the swamps of St. Charles parish.

TRAIN CUT IN TWO.

Was Passing Through Tunnel When
Rock Fell Upon It.

Louisville, Ky., June 20.—A passenger train on the Baltimore and Ohio Southwestern railroad was cut in two by falling rock in a tunnel near Mitchell, Ind. The train left St. Louis at 9:30 Wednesday night for Cincinnati. The accident happened at 4 o'clock Thursday morning seventeen people were reported injured, four of them seriously. The injured were taken to Seymour, Ind.

Henry Harrison Hall Dead.

Aiken, S. C., June 20.—Colonel Henry Harrison Hall, a prominent Confederate veteran, great-grandson of President William Henry Harrison, and second cousin of President Benjamin Harrison, died here, aged eighty-nine.

Seven thousand cattle upon the Fort Sill reservation belonging to the Apaches are to be allotted.

WILLSON FOR GOVERNOR

Kentucky Republicans Nominate
State Ticket.

ADMINISTRATION PRAISED.

While the Platform Expresses No Presidential Preference, It Is the Belief That Secretary Taft's Adherents Are in the Majority.

Louisville, June 20.—After rumors of contests on the floor over the endorsement of a presidential candidate and the local option question the Republicans of Kentucky, in state convention, selected Hon. Augustus E. Willson of Louisville as their candidate for governor and adopted their platform without a dissenting voice. The contest between the adherents of Vice President Fairbanks and Secretary of War Taft in committee was arm, but there was but one report naming no candidate, and merely expressing a preference for a candidate who would faithfully carry out President Roosevelt's policy.

The report of the committee on resolutions, over which much time had been spent, was well received, especially the first plank endorsing the administration of President Roosevelt. The first plank in the platform serves as the vehicle for an endorsement of President Roosevelt's administrative policies and an avoidance of a specific declaration in favor of any candidate for the presidency. However, it is so worded as to be generally regarded as more favorable to Secretary of War Taft than any one else.

The remainder of the platform is devoted to state affairs, and promises election law reforms; condemns the present use of registration certificates; declares for publicity concerning campaign funds and contributions; demands a law redistricting the state in legislative, congressional and judicial districts; demands a revision of the laws governing the common schools and reform in the management of charitable institutions. The state racing commission is condemned, and the repeal of the law under which it was created was recommended.

Local option, which came next to honest elections, is the most important state issue touched upon, and is treated as follows:

"We favor the enactment and enforcement of a uniform local option law applicable alike to every county in the state, with the county as the governing unit."

Other nominees are:

Auditor—S. P. James, Harrodsburg.

Treasurer—Chapman S. Farley, Paducah.

Superintendent of Public Instruction—J. G. Crabbe, Ashland.

Secretary of State—Benjamin Bruner, Munfordsville.

Clerk of the Court of Appeals—N. Adams, London.

Commissioner of Agriculture—N. T. Rankin, Jackson.

DRAMATIC PRODUCTION.

Justice Goddard Tells of the Finding
of the Bomb.

Boise, Ida., June 20.—The state made a dramatic production and proof of the Goddard bomb, and besides offering further corroborative testimony of Harry Orchard against William D. Haywood, secured a ruling under which a number of the denunciatory articles published in the Miners' Magazine, the official organ of the Western Federation of Miners, will be admitted in evidence.

To Justice Luther M. Goddard himself fell the task of telling the story of the finding and preservation for use as evidence of the bomb with which Orchard tried to kill him. His appearance on the stand added another to the many dramatic scenes and situations that have characterized the trial. The veteran Colorado jurist testified that the first information that he had received about the bomb came to him from Orchard's confession, which was shown to him at Denver on Feb. 13, 1905, by Detective McPartland. He at once returned to his home and the bomb was dug up. It was at once taken to the office of the Pinkerton detective agency and carefully sealed in wrappers and envelopes that were signed by half a dozen witnesses, including Justice Goddard, and after that they were placed in a vault.

OVER ONE HUNDRED DROWN.

Dreadful Disaster Brought About by
Overflow of River.

Athens, June 20.—More than 100 persons were drowned in the flood caused by the overflowing of the Linthos river, which inundated the town of Trilakala, in Tessaly.

Receivership Stands.

Leavenworth, Kan., June 20.—The jury in the case of the Uncle Sam Oil company, in which H. H. Tucker, Jr., sought to have the receiver appointed by the state supreme court removed, returned a verdict finding against Tucker. The receivership, therefore, stands.

Miss Myrtle Tyra was seriously injured at Dallas with a knife. George McIlvane was arrested.

President Loree of the Delaware and Hudson River Railroad company is seriously ill at New York.

The Trolley Line Again

We would like to see the trolley line proposition agitated again, but the momentous proposition now is "The question of the hour." Our recent guessing contest in which we awarded a pair of \$5.00 Florsheim shoes to the person guessing nearest to the time the clock in our show window would stop created so much interest that we have decided to repeat it again this week and will offer to the person guessing nearest to the time the clock will stop on Saturday, June 22nd (which will be at some time between the hours of 6 a. m. and 10 p. m.) a \$5.00 Panama Hat. Mr. Lank Spell was the lucky one in the recent contest and walked off with the \$5.00 shoes under his arm and a broad smile upon his face.

Customers are entitled to one guess with each \$1.00 purchase at any time from now until 10 o'clock Saturday night. The face of the clock will be veiled all day Saturday and unveiled at 10 o'clock Saturday night, at which time the hat will be awarded to the lucky customer, so don't fail to be at our store at that hour to get the hat if you are the winner, or to see who does win it; and every time you hear the fire alarm, a train whistle, a clock strike, a bell ring or look at your watch, remember you can get one guess for every \$1.00 you spend with us for clothing, hats, shoes or furnishings that we always sell at living prices, and that your trade will be greatly appreciated.

A Pullman and an observation car will be provided for the comfort and pleasure of all who wish to accompany the party, and the trip will be made under the personal direction of an official of the Mexican National railroad company. Tickets will be good for ninety days at the same rate, but it is expected to limit the trip to about twenty or thirty days to suit the convenience of the greatest number. The party will visit the City of Mexico and surrounding and intermediate points of interest, and the trip will be in all respects an ideal one.

Persons desiring any further information can obtain same from Mr. C. G. Walker.

FEDERAL RECEIVER.

Effort Is Probable to Keep Him From Acting.

Austin, June 20.—The action of Judge Bryant of the United States district court at Sherman in naming a receiver for the Waters-Pierce Oil company on application of Bradley A. Palmer, one of the stockholders, created no surprise here, as it was generally known that such step was anticipated by the defense. This step puts a new phrase on the case and it is believed will take the property out of the hands of a company and state courts, although it is learned that the state will protest against the Federal receiver being put in charge of the property of defendant company on the grounds that the Federal court has no jurisdiction, as the receiver named by the state court was appointed before the Federal receiver was appointed.

An effort was made to see Attorney General Davidson and Assistant Attorney General Lightfoot, but both were at Galveston. Attorney Allen and County Attorney Brady did not care to discuss what steps will be taken until a consultation is held. It is stated, however, that should a Federal receiver attempt to take charge of the property he may bring himself into contempt of the court of civil appeals for the Third district, as the litigation is now pending in that court. It may be said, however, with a degree of certainty that steps will be taken to prevent the Federal receiver from taking charge.

Justice Gaines Stricken.

Austin, June 20.—Chief Justice Gaines of the state supreme court suffered a sympathetic stroke of paralysis Thursday morning while reading a newspaper in the office of the clerks of the court. His left side was affected. Dr. John McLaughlin was called and soon revived the judge, who was conveyed to his residence. His condition is not serious.

No Changes to Be Made.

Austin, June 20.—Speaker Thomas B. Love of Dallas, who was appointed state insurance commissioner, is here. He said he would not make any changes in the office force when he takes charge Sept. 1. He will appoint a stenographer and a state librarian, he said. He has decided on a stenographer, but not yet on a librarian.

SARGENT AT GALVESTON.

He and Others to Select Site For Immigrant Station.

Galveston, June 20.—Hon. Frank P. Sargent, commissioner general of immigration, Superintendent of Public Buildings Fly of New York and Architect Wisdom of supervision department No. 5 of Washington, are here for the purpose of selecting a site for an immigration landing station, devising plans, etc. The last congress appropriated \$70,000 for a station, but it has been difficult to find a suitable site without making much improvements, for which the fund does not apply. It is believed the matter will be settled by the officials now here if the necessary additional funds for site will be allowed. The appropriation is for the building only.

WALL STREET SECRETS.

Visiting Texas Bankers Given an Insight Into the Mysteries.

New York, June 20.—The visiting Texas bankers were the guests of the National Bank of North America, the representatives of which showed them the secrets of Wall street and the Stock Exchange from the floor of the latter. The ladies of the party watched a listless session of the bulls and bears from the gallery.

The Texans were also guests of the National City bank at the Knickerbocker theater, where they witnessed a performance of "The Red Mill." After the theater supper was served at the Cafe de Ambassadeurs.

Thursday night the Texans attended the Casino performance.

Heart Strength For Sale

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves. This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Try Preventics, At My Risk

Just to prove merit—to show you how quickly Preventics can and will check colds or the Grippe—I will mail you free on request these samples and my book. Simply address—Dr. Shoop, Racine, Wis. Preventics are thoroughly harmless little Candy Cold Cure tablets. No Quinine, no exative, nothing sickening whatever. Preventics will however reach a deeply seated cold. But taken early—at the sneeze stage—they break or head off these early colds. That is surely better—that is why they are named "Preventics." Promptness however is all-important. Promptness in the use of Preventics may save half your usual sickness. Feverishness, night or day, with child or adult, suggests the need of Preventics. The first practice game of the Bryan base ball team will be held at the Allen Academy athletic grounds this afternoon at 4:30. Those having the matter in charge are confident that Bryan will have a good team by the first of July, and that we shall have some excellent games during July and August.

Messrs. J. W. Hamilton and E. M. Dodson have been out the past two days as members of the committee to solicit funds and have secured something over three hundred dollars. They expect to increase this amount, as there are others to see, and are greatly encouraged with the outlook for some good ball playing.

VAN RIPER CONTINUES.

Witness Relates Considerably
More Testimony.

Washington, June 20.—In the trial of Edwin S. Holmes, Jr., charged with conspiring to defraud the government by giving out crop information, the district attorney produced the affidavit presented by Witness Van Riper to Secretary Wilson when he made his first complaint in 1905, a recital under oath of the charges made by Van Riper against Holmes. In reply to questions by Mr. Worthington the witness reiterated his statement that he had made no direct agreement with Holmes for information, and said he did not consider that his conduct had been improper. He said he had suppressed the names of Price and Haas in his statement to the secretary because he did not desire to involve them unnecessarily. He also said that the agreement was for the manipulation of the market, and Holmes should give any figures he should see fit in the crop reports in the absence of Hyde in Europe.

Van Riper said it had become important to know in advance the approaching report of the December report of the census bureau on the amount of cotton of the 1904 crop that had been ginned, and that Holmes had seen Director North of that bureau, who had assured him that his report would confirm the agricultural department figures.

Van Riper said he had not seen Peckham since June, 1904, but that so far as he knew, their relations were friendly. It was not true that Peckham had threatened to kill him.

With reference to his failure to destroy letters, as requested by his various correspondents, Van Riper said that he had intended to tear them up, but had put them away and neglected to do so.

"Why, then, did you rescue from the wastebasket the agreement between Holmes and Haas?" he was asked.

"Because," he replied, "I had reason to suspect that Haas was unfriendly to me."

The witness declared that he had had no understanding with Special Government Attorney Beach or any one else that he should not be indicted, although Mr. Beach had agreed that the information he might give should not be used against him.

The witness testified that Holmes had told him that Haas handed to him (Holmes) \$49,000 as the result of operations with other brokers on the cotton report of October, 1904, which was before Holmes met Van Riper. Van Riper said he had never before mentioned this fact because he had not been asked about it.

Officers of Tug Crisfield Were In No
Wise to Blame.

Washington, June 20.—Admiral Moore, commanding the fourth division of the Atlantic fleet, who is at present ranking officer of the American ships in Hampton Roads, arrived with the report of the naval board of investigation which has been looking into the circumstances surrounding the loss of the launch of the battleship Minnesota. The board found the launch was fouled by the steel hawser with which the big tug Crisfield was toing the barge carrying a number of loaded freight cars from Cape Charles to Norfolk. No criminality is attached to the officers of the Crisfield, who were in ignorance of the disaster.

ANOTHER RECEIVER.

Judge Bryant Appoints Chester
B. Dorchester.

Sherman, June 20.—Bradley W. Palmer of Massachusetts, by his solicitor S. B. Carty, of Fort Worth, Wednesday afternoon filed in the United States district court here a bill of complaint against the Waters-Pierce Oil company, with the request for the appointment of a receiver by said court. The document is voluminous and his torical. Salient features of the bill of complaint are as follows:

It is made to appear by the applicant that the judgment rendered the district court of Travis county, Texas, had been superseded by a sufficient appeal bond, which was signed as security by the American Surety company and John H. Kirby, and in addition, as further evidence of their solvency the Waters-Pierce Oil company had deposited \$2,000,000 with the Security company for its full protection.

Chester B. Dorchester of Sherman was appointed receiver for all the property of the Waters-Pierce Oil company in Texas. Judge Bryant notified the attorneys that he did not intend the receivership to last for a long period.

HOFFMAN NOMINATES GORE.

Name of Owen Is Presented by William
H. Murray.

Oklahoma City, June 20.—R. V. Hoffman, who was defeated for the nomination for United States senator by T. P. Gore, his blind opponent, presented the latter's name before the Democratic state convention. This was seconded by Charles H. Pittman of Enid, who was a boyhood friend of Gore's in Mississippi. In accepting, Gore told the convention that his campaign had cost him about \$1,000, to secure which he mortgaged his home.

Hon. W. H. Murray presented the name of Robert L. Owen, the other successful senatorial candidate. Hon. T. P. Smith also advocated Mr. Owen. The remainder of the ticket was nominated without addresses.

In the race for labor commissioner, although J. S. Murray of Emmet, I. T., received many more votes than C. L. Dougherty, a journeyman printer, employed on the Oklahoma City Post, he withdrew in favor of his opponent when this office was reached. Ten days before the election Murray officially left the ticket, but his name appeared on those in many counties, and as a result received a majority of 9,021 votes. The executive committee, in canvassing the returns, elected Murray the nominee by reason of his majority, but William H. Murray, his brother, made known the candidate's desire to abide by his former decision, which gave the nomination to Dougherty.

SET FIRE TO JAIL.

Endeavoring to Escape From Prison
Negro Incinerates Himself.

Lake Charles, La., June 20.—Robert White, a negro, who was arrested at Longville for wife beating, was held in the town prison at De Ridder pending removal to this city, was burned to death. It is supposed the negro set fire to the prison, which was a small pine structure, in order to burn a hole sufficiently large to permit escape. When the villagers were aroused by his screams for help they found the building a mass of flames, and before the fire was extinguished the prisoner was practically cremated.

USEFUL GEESE.

Twenty-Eight Prove Themselves to Be
Valuable "Cotton Choppers."

Clarksville, Tex., June 20.—Several farmers of the Garvinsville community, south of this city, have turned large flocks of geese into the cotton fields and report that as far as young grass is concerned no better cotton choppers can be found. One citizen who has twenty-eight geese on a field of thirty acres of cotton states that absolutely no grass can grow where the geese roam. The present scarcity of labor has served to make the geese even more valuable.

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you.
